### About Me

I am a Btech in Computer Science and Business Systems Second year student at Savitribai Phule Pune University. I am fascinated to learn and experience various things that would lead to a professional as a whole. I am willing to work and contribute upto potential and in return gain exposure on field.

### Education

**Btech from Rajarshi Shahu College Of Engineering, Pune..**

2021 - 2025

**HSC from Rao Junior college of Science, Pune.**

2019- 2021

**SSC from DAV Public School, Pune.**

2007- 2019

### Experience

**marketing intern at learnx edtech company.**

- Reach potential audience to increase the sales of the company.
- convincing the customer why the product is beneficial.

**Entrepreneurship Cell RSCOE.**

Curation head:

- the work of a curator is to surf and approach for contacts and reach out to valuable personalities for our motive such as sessions or a summit, that is we do the selection and organisation

Sponsorship head:

- the work of sponsorship team is to study about the organisation and seek for sponsors for our cause
- Also worked for various department such as marketing, management and public relations

**EventSync project.**

- I have apparently worked on a project named "EvenSync" where we created a website which is a platform for all the Events organised and held in our campus and department and to solve problems of collisions of activities and student participations

**Participated in various coding contests organised at college level.**
